

# WHAT'S IT CALLED WHEN...

SOMETIMES

- 1 a person or a group of people deliberately try to **upset** someone?
- 2 they **leave someone out** of their group – just to be nasty?
- 3 they **spread rumours** about someone, or **call them names**?
- 4 they **play tricks** on someone to embarrass them, or send nasty emails or text messages?
- 5 they try to **scare** someone or **threaten** them?
- 6 they might physically **hurt** someone?

**IT'S CALLED BULLYING!**

It is always right to tell. It is not being a dobber or a tell-tale. It's just looking after your mates.

If you see someone being bullied, **don't just be a bystander**, you wouldn't want it to happen to you, so speak up!

Bullying can often be stopped by telling the bullies that it has to stop or else you will get help.

**HELP STOP BULLYING**
